****25 Years Ago This Week.....***

Bell Ringer – The bell was rung for Philleo Nash who recently received the Distinguished Service Award of the American Anthropological Association at its annual meeting. This is a scientific society of several thousand members, each of whom is a professional engaged in research and teaching. Philleo’s specialty is anthropology in the service of government and industry. The citation reads: “Throughout your distinguished public career as statesman, advisor to presidents and commissioner of Indian Affairs, you have never been less an anthropologist; you have worked in the interest of all minorities; and you have given of your special talents in support of our Association.”

****65 Years Ago This Week.....***

At last Wednesday’s noon luncheon, Mrs. Dorothy Risk, children worker for Wood County, explained the work of her committee members, their problems and some of the happy results achieved in handling juvenile children in Wood County. The talk was enlightening to many members.

The directors have asked the secretary to write a letter of appreciation to Mrs. Rusk and her co-workers so that they will know our Rotary Club appreciates the efforts they are making in handling our younger people who have or need to be looked after.
