ROTARY MEMORIES:

****10 Years Ago This Week.....***

Today's Program – Jerry Feith introduced Dick Stoltz from the Phillips Plastics Company. Mr. Stoltz spoke about leadership traits essential to the development of a collaborative, team-oriented and open working environment that consistently achieves highly valued results. He outlined leadership behaviors and actions that seem to work most effectively, and those behaviors that don't create positive results. Support structures properly aligned with a well-defined and commonly understood purpose are keys to long term success.

****25 Years Ago This Week.....***

Make-Ups – Bill Tolley made up in Seoul, South Korea and Taiwan and presented the club with flags from these club visits. Marv Love presented the club with flags from the Fresno and North Fresno clubs that he recently attended. Unfortunately, he did not bring us a flag from Wautoma.

Free Lunch – Tom Rause. It seems he had a Big Mac and fries instead.

ROTARY NOT A FILLING STATION

If any one of you Rotarians are harboring the idea that the Rotary Club is growing too rapidly, if you think there was more real fellowship in the organization ten or twenty years ago, just shun aside the idea and put yourself in the great stream of cordiality and personal, friendly interest that flows through the veins of the organization.

Get around to the meeting a little ahead of time so that you my really know your fellow Rotarians. Get yourself into the position where you know the other fellow, know what business he's in, and know whether he plays golf or poker, or both, if he fishes or hunts.

There you will find clergymen who wear the label of good fellowship in every action. You will find the physician interested in you and your affairs. You will learn that the business man is not dominated wholly by the profit idea.

You may run into some individual you have not altogether fancied and find out he is not what you pictured him. There is a larger turnover in Rotary membership than you imagine, but every member is worth knowing. You can safely bank on the man you find in that circle. And, remember, he is banking on you.

If you are making Rotary a filling station you are getting nowhere.
