ROTARY PRESENTATION – November 6, 2008

“Earthen Elements”

Julie Beaton

Julie Beaton talked about "Earthen Elements", her handcrafted natural soap and bath products company. She has 22 standard, different soaps, 4 special soaps, 4 Christmas soaps, and several other specialty related products.

She got into making soap because of some medical skin issues that probably were caused by commercial soap products. A doctor suggested she go to craft shows and look into homemade soap.

Julie talked about her need for a career change, how one thing led to another, and now she has a soap business.
